

Search for Biostatisticians

The School of Public Health in the Faculty of Social Welfare & Health Sciences at the University of Haifa is pleased to invite applicants for open-rank, tenure-track faculty positions in biostatistics, beginning October 2017.

The successful applicants will be expected to initiate research, teach, supervise student's theses for advanced degrees, apply for grants and to actively contribute to the School's activities and the community.

Information regarding the School of Public Health can be found on the website:

<http://publichealth.haifa.ac.il/index.php/en/>

The applicants should have a proven record in biostatistics, in order to serve the needs of the School.

Requirements:

- Ph.D. or Dr.PH.
- Experience in conducting research
- Peer-reviewed publications
- Academic teaching experience
- Priority will be given to those who have completed over-seas post-doctoral training.

Interested applicants are required to send the following information no later than March 1, 2017:

- CV including publication list, teaching experience and names of 3 references.
- Up to three selected publications.
- A cover letter describing research areas and plans as well as potential contributions to the School of Public Health

This information should be sent to:

Ms.Gila Assas: gassas@univ.haifa.ac.il

The academic rank will be determined according to the qualification of the candidate

Filling the position depends upon academic and financial considerations

This posting is directed to women and men alike

The University is not obliged to choose one of the applicants
